Helper Helper REPORT

During the 2018-2019 school year, student-athletes from 46 states put forth a tremendous effort out in their local communities volunteering. Helper Helper is honored to work with these institutions and help encourage student-athletes to make a lasting impact. Throughout the year, student-athletes and staff used the Helper Helper app and online portal to coordinate and track their service efforts. This report highlights top teams, top schools, and the winners of both challenges we hosted this year.
